Greg D'Arcy

Business Analyst at AARNet (Australia's Academic and Research
Network)
Thornbury

Summary

I have twenty years' experience in the research and education
sectors working across several large-scale digital transformation and
infrastructure initiatives. I have had a variety of client facing roles
to capture and communicate complex data requirements between
internal development teams and external business partners. My
areas of responsibilities have included stakeholder management
and business analysis, digital research and data analysis, project
development and management, data governance and policy
development.

Experience

AARNet (Australia's Academic and Research Network)
Business Analyst
May 2021 - Present (1 year 1 month)
Melbourne, Victoria, Australia

My current role is to partner with national research initiatives to understand
shared digital infrastructure challenges and roadblocks. Gather and analyse
business requirements to develop business cases for new data-intensive
products and services that build on the AARNet national fibre optic network.

The University of Melbourne
Research Data Analyst/Administrator
March 2016 - May 2021 (5 years 3 months)

I provided expert advice and support to academics and researchers on
integrating digital research and data analytics into their research practices.
Technical lead in national research infrastructure project to develop a data
analytics workbench for researchers in the Humanities, Arts and Social
Sciences.

Writer's Web Communications
Consultant
June 1997 - March 2016 (18 years 10 months)

Personal consultancy services in content development, online marketing and web development.

La Trobe University
Project Manager, Major Open Data Collections
October 2014 - December 2015 (1 year 3 months)

I managed a nationally funded research project that produced a Population Health data collection focused on cardiovascular disease. I provided executive support to a working group of senior staff and researchers to draft the policies and procedures for managing Research Data and Primary Materials in accordance the Australian Code for the Responsible Conduct of Research (2007).

Education Services Australia
Senior Project Manager
June 2005 - July 2014 (9 years 2 months)

I have managed complex digital content projects to support the implementation of the Australian curriculum across education jurisdictions. I managed over 50 projects with Australian cultural organizations and government agencies, providing advice on copyright and licencing, metadata standards, Accessibility and Quality Assurance.

Monash University
Lecturer
January 2005 - November 2006 (1 year 11 months)

I prepared and delivered lectures and tutorials for under-graduate and post-graduate students in Advanced Multimedia.

RMIT University
Lecturer
January 2004 - June 2006 (2 years 6 months)

I prepared and delivered lectures and tutorials for under-graduate and post-graduate students in Strategic Communications Management, Web Development and Applications, and Digital publishing.

Australian Taxation Office
Web Content Manager
November 2003 - July 2004 (9 months)

I was part of a project to audit of the ATO intranet that required mapping As-Is and To-Be business processes and delivering approved process improvements.

The Salvation Army
Employment Program Manager
February 2002 - September 2003 (1 year 8 months)

I managed the Brunswick Division's New Start employment and training program in web design and office skills.
